Dear Gynecologists and participants:

It is my great pleasure to extend a cordial invitation to you for coming and participating in our forthcoming international workshop, which will be held on March 20th-22nd, 2017 at the Thai-German Multidisciplinary Endoscopic Training (TG-MET) Center under the Royal Patronage of H R H Princess Maha Chakri Sirindhorn.

In addition to providing an ample opportunity for the exchange of the fundamental and advanced knowledge and promoting friendly relationship, the aims of this workshop are primarily to level up the academic standard of Gynecologists who are interested in gynecologic oncology and advanced gynecologic laparoscopy. The cornerstone and highlight of this scientific meeting will be Professor Masaaki Andou from Japan and Prof. Dr. Dr. HR. Tinneberg from Germany. They are going to give us informative lectures and live demonstration regarding the topics of gynecologic oncologic laparoscopic surgery. With limited 14 placed, cadaveric-hands on session will be focused on step by step of laparoscopic radical hysterectomy with anatomic elucidation.

On behalf of TGMET center, I wish this workshop would be one of the best memorable courses to all Thai gynecologists and our friends from overseas, not only scientific programme but also our social event and hospitality. I’m looking forward to seeing you very soon.

Kind regards,

Amphan Chalermchochachareonkit
Director of Thai-German Multidisciplinary Endoscopic Training (TG-MET) Center
President of Thai Society of Gynecologic Endoscopists (TSGE)
Monday, March 20th, 2017

08.00-08.30 Registration
08.30-09.00 Opening Ceremony
09.00-09.30 Coffee Break
09.30-10.00 Live Demonstration I
12.00-13.00 Lunch
13.00-13.45 TNM - Radical Hysterectomy within Embryonal Margins in Case of Cervical Cancer
H.R. Tinneberg
13.45-14.15 A Co of Laparoscopic Surgery for Endometriosis
Korakot Sirimai
14.30-15.00 Coffee Break
15.00-15.45 How to improve Outcome of Radical Trachelectomy
